

**MEASURE V:** Providing San Jose with meaningful housing solutions.

## On November 6, vote YES on Measure V

**MEASURE V** has united a broad and bipartisan coalition of support because it will expand access to truly affordable housing for our working families, teachers, students and veterans in San Jose, while transitioning our homeless residents from our streets and underpasses into homes.

Working parents, seniors and veterans shouldn't have to choose between rent, food, medication or other basic necessities — but our community's skyrocketing costs are making that impossible for far too many.

And we must confront the growing homeless crisis and address issues of public health and safety. We need Measure V to help chronically homeless residents get back on their feet, off neighborhood streets, out of creeks and parks and out from under local freeways.

Measure V will make it easier for all residents to afford to live in San Jose.

Measure V will allow San Jose to issue \$450 million in general obligation bonds with an average levy of 8 cents per \$1000. With this funding we can also compete for new sources of state and private funds, so our investment is magnified.

### **Measure V provides meaningful housing solutions for our community by:**

- Providing affordable housing for working families, veterans, seniors, teachers, nurses, paramedics and other workers
- Helping our vulnerable homeless residents get off the streets and transition into safe and permanent housing

Critically, Measure V includes tough fiscal accountability requirements, including independent citizens' oversight, independent financial audits and full public review of all spending to ensure every cent creates housing that's affordable for working families.

**Join us to address the growing housing crisis —  
Vote YES on Measure V for an affordable San Jose.**
